PLEDGE OF ALLEGIANCE

Police Department Updates

Body Camera's – the Board of Supervisors in conjunction with the Whitemarsh Township Police Department are committed to outfitting officers with body worn cameras in 2021. The estimated cost of \$76,000 will be included in the 2021 budget discussions in order to allocate the appropriate funds necessary for this equipment. The Township is also investigating grant opportunities that would help with this expense. Chief ward stated body-cams are a developing tool in the Police Department. He said they are looking into a system that will also work with their dash cams and are looking for grant opportunities.

Police Policies – the Township will post to its website the following Police Department Policies: Use of Force, Bias Based Policing, Complaint Review Policy – Internal Affairs, Code of Conduct and Disciplinary Procedures and Mental Illness. These policies are part of the Police Departments Accreditation requirements. These are current policies that are now being shared publicly to promote transparency and accountability.

Human Relations Commission - Whitemarsh Township also has a Human Relations Commission which prohibits discrimination in housing, commercial property, employment and public accommodations on the basis of actual or perceived race, color, religious creed, ancestry, sex, national origin, handicap or disability, use of guide or support animals because of the blindness, deafness or physical handicap of the user or because the user is a handler or trainer of support or guide animals, or because of an individual's sexual orientation, gender identity or gender expression. It is an on-call Board and will meet if any complaint is issued. To date no complaint has been reported to the Commission.

Board Liaison – the Board will appointment Supervisor Michael Drossner as the Board liaison to the Police Department. The Board had this position in the past to meet frequently with the Chief of Police and be briefed on matters occurring within the Police Department. In addition, the board liaison will act as a representative for the community should a member of the public wish to discuss any police-related matter with a non-uniformed representative. Supervisor Drossner will have an initial meeting with Chief

Ward to discuss the frequency of their meetings and pertinent items that he will report to the Board at our public meetings. This is a fluid process and as information or topics of importance change the Board will continue to listen and provide relevant information to the public. Supervisor Drossner stated he appreciates the Board of Supervisors confidence in him and he looks forward to working with the Chief. He stated he has confidence in the Whitemarsh Township Police Department and they do a good, thorough and professional job on a daily basis. He stated he understands circumstances arise making people feel uncomfortable going to the police and he would like to help anyone in those situations. Chief Wards stated he is looking forward to working directly with Supervisor Drossner on these matters. He stated one thing discussed prior to this is the Police accept all complaints however they arrive. They investigate all complaints to the best of their ability. He stated this is just another avenue.

Training – the Board recommends the Police Department increase the frequency of Bias Based Policing and De-escalation training from the State mandated every 3 years to every 2 years. The Township insurance provider Delaware Valley Trust provides training through the Anti-Defamation League. The Township is working with the Trust to schedule training with this group for all Township employees this fall.

ANNOUNCEMENTS

Chair Nester announced the Township Manager, Rick Mellor has been appointed as the President of APMM (Association of Pennsylvania Municipal Management). Mr. Mellor thanked the Chair and stated he was chosen by his peers. He explained his goals and mission for the year he will be serving.

Supervisor McCusker announced:

Regarding ongoing Trash, Recycling, and Yard Waste Collection Issues:

The Township understands the frustration of residents regarding the performance of J.P. Mascaro & Sons. We are equally frustrated with the service issues and are disappointed by Mascaro's response. We have made our concerns known to the management at Mascaro as we have worked to get the service that the contract provides for and that residents deserve.

On June 26, our solicitor wrote to Mascaro about the "unacceptable service." In that letter, the Township has identified a lack of consistent supervision and insufficient resources as areas of serious concern. We received a response from Mascaro on July 6. Both letters can be found on our website.

We are also aware that Pat Mascaro yesterday posted a message to communities served by the company. In that, he said it would take 30 to 45 days to implement changes to "restore the necessary consistency" to collection operations. Mr. Mascaro apologized for the inconvenience and asked for patience.

This afternoon, the Township received a similar letter from Mr. Mascaro that reiterated a need for 30 to 45 days to address service issues. The Township is willing to give the company that time to

resolve its lack of performance. In the meantime, the Township will continue its monitoring of service and stay in regular contact with Mascaro.

Road Updates:

Cedar Grove Road Closure: Aqua PA has informed the Township that, beginning Monday, July 13th at 9:00 AM, Cedar Grove Road will be closed between Joshua Road and Julia Drive between the hours of 9:00 AM-3:00 PM. Emergency Vehicles will be granted access, and Aqua PA will alert the County Communications Center if a complete shutdown becomes necessary. Aqua PA expects the road to be fully opened by September 2020.

The Colonial School District has advised the Township that Aqua will be closing Colonial Drive from Germantown Pike to the Colonial Elementary Parking lot beginning, July 7, 2020 until work is completed. The closure will be in effect 24/7. Work is expected to take three weeks.

Joshua Road remains closed at Stenton Avenue heading north (along the Cricket Club). The road is expected to reopen sometime in late-July 2020.

PUBLIC COMMENTS

Eli Glick (Whitefield Drive) asked about data from the police department made publicly available on a regular basis. Arrests, traffic stops, etc.

Lou Ann Merkle (Resident) asked if Mr. Mellor could share the APMM strategic plan with the public. He stated the plan is not complete yet, when it is it will be posted to the association's webpage.

Ivy Bryant (Resident) spoke about the sense of community in the schools with the police officers. She suggested community liaisons and possibly high school students with the police department. Mr. Drossner stated the police in the high school currently. Chief Ward spoke about the current Plymouth-Whitemarsh Coalition where officers are present in the high school during activity period and teaching various classes. He reminded everyone about the Citizens Police Academy which is scheduled in the fall.

Sydelle Zove (Harts Ridge Road) thanked Chief Ward and Supervisors for the commitment to purchasing the body cameras. She asked that the Police Mission Statement be reviewed.

Chief Ward stated he saw a question listed regarding storage of the footage from the cameras. He explained the reason they want to look into body cameras to be integrated with the in-car cameras is because all of that data is stored in the Police Station in their IT equipment.

ORDINANCES

1. Ordinance Amendment - Amend Chapter 103 "Streets and Sidewalks" to Protect Pavement Surfaces

Mr. Hersh explained we have prepared suggested language to be considered for incorporation into Chapter 103 "Streets and Sidewalks" of the Whitemarsh Township Code. The ordinance amendment would codify a five-year moratorium for any new pavement cuts on any roads recently paved or restored in Whitemarsh Township. Pavement cuts alter and degrade pavement surfaces adjacent to the cut. Pavement cuts should be limited, in order to help preserve pavement integrity, ride ability and appearance of new street surfaces. In the event of an emergency, it will occasionally be necessary to cut into a street that has been paved within the past five years. This ordinance amendment will establish the basis and process for determining the level of repair and replacement for utility cuts on recently paved streets.

Eli Glick asked what other reasons to cut into the road if not a utility. Mr. Hersh stated this would be a moratorium for utilities such as Aqua who wants to replace a line along a street. Mr. Glick asked if it would prohibit emergency work. Mr. Hersh stated it would not.

On a motion by Supervisor McCusker, seconded by Supervisor Drossner (Vote 5-0) the Board of Supervisors adopted Ordinance #1001 authorizing the Ordinance Amendment to Chapter 103 'Streets and Sidewalks' to implement a 5-year prohibition against new road cuts on any roads recently constructed, reconstructed or paved in Whitemarsh Township.

MOTIONS

1. Energy Transition Plan - Ready for 100

Mr. Halbom, Assistant Township Manager thanked Lou Ann Merkle and the volunteers who

worked on this reported during their rescheduled May meeting (held on June 29, 2020 via Zoom) the EAB voted unanimously to recommend the attached Energy Transition Plan (ETP) to the Board of Supervisors. This document is intended to serve as a foundation for the Township to achieve the goals set in the Ready for 100 (RF100) Resolution.

He explained the ETP's goals span seven areas: Energy efficiency, ordinances and guidelines, funding, renewable energy supply, transportation, community engagement, and tracking progress. These goals are broken down into more specific projects and strategies. The ETP assigns each project or strategy to a participating organization, lists potential resources (such as sponsored programs, best practices, potential grant funding, etc.) , and is assigned a timeline.

He stated the first benchmark of this ETP is the Energy Audit, a survey of Township-owned buildings to determine our own carbon footprint. The ETP also calls to include all "gas-powered" equipment to that survey. Upon completion, the Energy Audit will provide the Township with a snapshot of our current energy use, and suggestions for ways we can reduce our energy use and costs. This plan calls for that information to be shared with the EAB, so they can advise the Board on prioritization of those suggestions.

He further explained the Board of Supervisors has earmarked \$10,000/year for 2020, 2021, and 2022 for these projects. The EAB requests a role in determining how and when those funds are used. In addition, EAB has requested to "use funds from energy savings to invest in RF100 initiatives." While staff are in agreement with the spirit of this idea (investing the full dollar value of savings into future RF100 projects), we feel that it is unnecessary to restrict fund usage considering a component of Goal 3 (Funding) is to track energy savings. Additionally a component of our Sustainable PA Certification is sharing those energy savings in an annual report with the EAB and Board

Mr. Halbom said that passing this ETP is a major milestone of the Township's Ready for 100 Resolution. The EAB and their many volunteers, specifically the Whitmarsh Renewable Energy Transition Plan working group, and partnering organizations should be proud of their accomplishment and are deserving of praise. A great deal of hard work went into building this document into what it is, and a great deal of hard work remains to achieve these goals.

Supervisor Drossner and Mr. Halbom had a discussion regarding the funding of the program and the energy savings. Supervisor Drossner thanked the EAB and the other volunteers for their hard work on this project.

Lou Ann Merkle thanked Mr. Halbom and Supervisor Drossner and Chair Nester. Thanked the Board for their support. Supervisor McCusker thanked Ms. Merkle for her hard work. Chair Nester thanked the entire EAB Team.

On a motion by Supervisor Toll, seconded by Supervisor McCusker (Vote 5-0) the Board of Supervisors authorized the Whitmarsh Township Energy Transition Plan in accordance with the Ready for 100 Resolution.

2. Colonial School District Permit Fee Waiver Request

Mr. Mellor explained the permit fee waiver request from the Colonial School District for their Asphalt and Lighting project at Plymouth Whitemarsh High School and Colonial Elementary School. The total amount for permits is \$9,124.00 which includes the cost for building and electrical permits.

On a motion by Supervisor McCusker, seconded by Supervisor Manuele (Vote 5-0) the Board of Supervisors authorized the permit fee waiver request from the Colonial School District in the amount of \$9,124.00 for the high school and elementary school asphalt paving and lighting project.

3. Change Order Request - James D. Morrissey – Stenton/Flourtown/Cricket Intersection Project Consider

Mr. Hersh explained the Change Order #1 is authorizing James D. Morrissey, Inc. to perform the following work on the above referenced project. The result of this change order is an increase of \$24,245.88 to the original contract amount. The project scope is being revised to include modifications to the outfall structure in order to comply with the project's Chapter 105 Obstruction and Encroachment Small Project Permit, which was required by the attached Water Obstruction and Encroachment Inspection Report issued October 11, 2018. The modifications include Modifications to Precast Concrete Manholes, and Erosion & Sediment Control devices comply with the project's Chapter 105 Obstruction and Encroachment Small Project Permit, which was required by the attached Water Obstruction and Encroachment Inspection Report issued October 11, 2018. The modifications include Modifications to Precast Concrete Manholes, and Erosion & Sediment Control devices.

On a motion by Supervisor McCusker, seconded by Supervisor Drossner (Vote 5-0) the Board of Supervisors authorized the change order request to James D. Morrissey for the contract at Stenton/Flourtown/Cricket in the amount of \$24,245.88.

4. June 2020 Expenditures and Payroll Costs

On a motion by Supervisor Toll seconded by Supervisor Drossner (Vote 5-0) the Board of Supervisors approved expenditures totaling \$1,077,321.73; and payroll totaling \$621,412.32 for June 2020.

AMEND AGENDA

On a motion by Supervisor Drossner, seconded by Supervisor Toll (Vote 5-0) the Board of Supervisors amended the agenda.

5. Certificate of Appropriateness – 3033 Spring Mill Road

Mr. Mellor explained the application is for fencing along one side of the property at 3033 Spring Mill Road (right side looking from the street, adjacent to 3037 Spring Mill Road); the front 18 feet will be 4 feet high (to comply with zoning restrictions), with the remaining 118 feet being six feet high. The entire fence will be an arched top white cedar solid board privacy fence; a picture of the fence style is

one of the attachments. There is an early 19th century home on the property; existing hedges will heavily obscure any views of the fence (see attached street view of property). HARB saw no issues with the proposal and passed a unanimous motion recommending approval of a Certificate of Appropriateness for the fence as proposed.

Sydelle Zove asked about the site plan for the placement of the fence. There was a discussion of the location of the fence.

Eli Glick commented on the amended agendas. There was a discussion about why there are amended agendas.

On a motion by Supervisor Manuele, seconded by Supervisor Drossner (Vote 5-0) the Board of Supervisors approve the Certificate of Appropriateness for the installation of a fence at 3033 Spring Mill Road.

6. Certificate of Appropriateness – 4 Catherine Lane

Mr. Mellor explained the application is for the installation of a back-up generator at 4 Catherine Lane in the Maple Hill development. The generator will be on the right side of the home, looking from the street. HARB saw no issues with this installation and noted that it will look just about the same as an air conditioner compressor. A motion was passed unanimously recommending approval of a Certificate of Appropriateness for the generator as proposed.

On a motion by Supervisor Manuele, seconded by Supervisor Drossner (Vote 5-0) the Board of Supervisors approved the Certificate of Appropriateness for the installation of a backup generator at 4 Catherine Lane.

PUBLIC COMMENT PERIOD

Eli Glick spoke about the trees at Whitmarsh Knolls and the lack of protection of trees. He spoke about the minutes of the Township how the minutes do not reflect the tone or the comments made by residents. Supervisor Toll spoke about the Shade Tree Meetings and the ideas that are being put forth. She stated they are in the midst of re-writing Chapter 55 and 105 which will come about in September. Mr. Glick discussed the issue further with Supervisor Toll.

Sydelle Zove commented on the designation of Supervisor Drossner as the Liaison the Police Department. She asked to expand upon the description of the roll and will he be reporting to the public. Chair Nester explained that they are looking into all of that information.

BOARD MEMBER COMMENTS

EXECUTIVE SESSION

Chair Nester announced the Board of Supervisors held an Executive Session on prior to the meeting to discuss personnel and litigation.

ADJOURNMENT

On a Motion by Chair Nester, seconded by Supervisor Drossner the meeting for July 9, 2020 was adjourned at 7:15 PM.

Respectfully Submitted,

Richard L. Mellor, Jr.

DRAFT

WHITEMARSH TOWNSHIP

TO: BOARD OF SUPERVISORS
FROM: Charles L. Guttenplan, AICP, Director of Planning and Zoning 
SUBJECT: SLD #01-20 KEVIN AND DONNA McBURNEY; 4013 CRESCENT AVENUE
PRELIMINARY/FINAL MINOR SUBDIVISION/LOT LINE ADJUSTMENT PLAN
DATE: AUGUST 6, 2020
CC: Richard L. Mellor, Jr., Township Manager
Sean P. Kilkenny, Esq., Township Solicitor

There is an item on your agenda for discussion of SLD #01-20, Preliminary/Final Minor Subdivision Plan (Lot Line Change) for Kevin and Donna McBurney at 4013 Crescent Avenue, Lafayette Hill. The plan proposes to shift the lot line with neighboring 4009 Crescent Avenue approximately 28 feet, resulting in an increase of just under 4,100 square feet for the McBurney lot, with the commensurate decrease in the 4009 Crescent Avenue lot (owned by Michael and Melissa Tomon). No other changes are proposed; both lots are improved with single-family detached homes and related improvements and will continue to comply with applicable zoning requirements. Review letters are attached including my zoning compliance review, the Township Engineer's review, and the Montgomery County Planning Commission review. Also enclosed is a waiver request letter; the waiver requests were updated in response to comments in the Township Engineer's review.

There is also a proposed resolution on your agenda should the Board decide to consider granting conditional preliminary/final plan approval at this meeting.

The Planning Commission reviewed this plan at their July 14, 2020 meeting. After a very brief discussion to understand the reason for the lot line change (to provide a more reasonable back yard to the McBurney lot), the Commission passed a unanimous motion recommending approval of the preliminary/final plan and recommending approval of the waivers requested (with the exception of Waiver #9 from Section 105-53.D. of the SALDO, to have a fee in lieu of open space waived as this is normally deferred to the Board).

If there are any questions, I would be happy to answer them either prior to the meeting or on Thursday evening.

Attachments

Fees and plans showing all public improvements are submitted with this application. Any additional plan information required by the Township Engineer will be submitted to the Director of Planning and Zoning for distribution. The undersigned applicant agrees to comply with all the provisions of Chapter 105 of the Code of the Township of Whitmarsh, as amended, and agrees to obtain all necessary permits in connection with the proposed subdivision and/or land development.

Whitmarsh Township employees, or township-authorized agents, are hereby granted permission to enter upon the land, if necessary, for site inspections.

Original preliminary and/or original final subdivision and/or land development applications submitted by 4:00pm on the last business day of the month will be reviewed by the Whitmarsh Township Planning Commission at a regular meeting two (2) months following the date of submission or other appropriate meeting date depending upon the results of Township reviews.

I hereby certify, as the undersigned applicant, that I am familiar with the provisions of: [1] Chapter 105, "Subdivision and Land Development", [2] Chapter 58, "Grading, Erosion Control, Stormwater Management and Best Management Practices", and [3] Chapter 55, "Tree Protection Standards" of the Code of the Township of Whitmarsh, as amended, and, to the best of my knowledge and belief, this application and the submitted plans conform to those provisions.

Updated Waiver Requests – Per Gilmore Review

Dear Mr. Guttenplan:

In conjunction with our subdivision application for the referenced property, we respectfully request that the Board of Supervisors review our request for waivers from the following Whitemarsh Township Subdivision and Land Development Ordinances:

Waiver Request Summary:

1. Numbers 3, 6, and 10 relate to street improvements.
2. Number 4, 7, and 8 relate to street trees.
3. Numbers 1, 2, and 5 are administrative in nature.
4. Number 9 relates to a fee we do not feel is applicable.

Waiver Requests:

1. Section 105-23(A)(1) – A waiver is requested to allow the plans to be drawn at a scale of one-inch equals 20 feet, where a scale of one-inch equals 50 feet or one-inch equals 100 feet is required. The larger scale fits within the project more appropriately.
2. Section 105-23(B)(1)(l) – A waiver is requested from this section of the ordinance requiring the plan to show existing principal buildings, their respective uses, and driveways on the adjacent peripheral strip: sewer lines, storm drains, culverts, bridges, utility easement, quarries, railroads, and other significant man-made features within 500 feet of, and within the site, including properties across streets. As no construction is proposed, compliance is burdensome.
3. Section 105-30 – We are requesting a waiver to allow the street right-of-way widths, cartways and absence of sidewalk to remain as improved with the original subdivision which created this neighborhood. Again, no construction is proposed.

Updated Waiver Requests – Per Gilmore Review

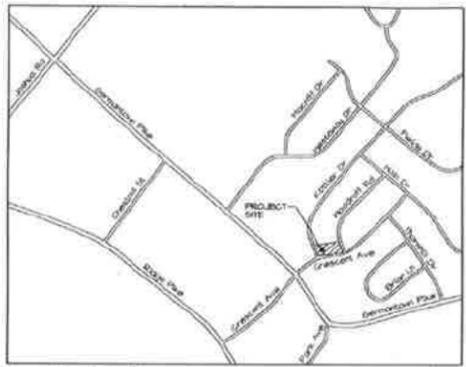

4. Section 150-30.1(C)(1) – As no construction is proposed, we are requesting a waiver from the requirement to provide street trees. This section of the ordinance is not applicable.
5. Section 105-44 – In an abundance of caution, we are requesting a waiver from the requirement of the depth of single-family, detached residential lots shall not be less than one-times their width. This application makes Lot One more complaint.
6. Section 150-47(A) – We are requesting a waiver from the requirement of sidewalks being provided in all subdivision and land developments in accordance with section 105-30 of the Whitemarsh Township Code.
7. Section 105-48 – As no construction is proposed, we are requesting a waiver from the requirement to provide street trees.
8. Section 105-52 – As no construction is proposed, we are requesting a waiver from the requirement that ‘Type A’ buffer between single-family, detached residences and minor collector streets.
9. Section 105-53 – In an abundance of caution, a waiver is requested from the requirement of the dedication of land in the amount of 10% of the total site area for park and/or recreation use. As no new lot is created, we do not believe this ordinance section is applicable.
10. Section 105-73 – As no construction is proposed, we are requesting a waiver from the requirement to construct sidewalks.

Thank you in advance for your attention to this matter. Please call with any questions or comments.

Sincerely,

Jeffrey Grosstephan

**WHITEMARSH TOWNSHIP BOARD OF SUPERVISORS
RESOLUTION #2020-__**

BE IT RESOLVED, and it is hereby resolved by the Board of Supervisors of Whitemarsh Township, as follows:

A. Kevin and Donna McBurney (collectively the "**Applicant**"), have caused to be prepared and filed with the Township **Plan S/LD #01-20**, entitled "**Subdivision Plan – 4013 Crescent Avenue**", consisting of one (1) sheet prepared by Woodrow & Associates, Inc. dated February 19, 2020, with no noted revisions (the "**Plan**").

B. The Plan proposes to relocate the existing property line between **Tax Parcel No. 65-00-02740-00-3** (currently 0.346 acres owned by the Applicant, referred to herein as the "Applicant's Property") and **Tax Parcel No. 65-00-02737-00-6** (currently 0.5906 acres owned by Michael J. and Melissa Tomon, referred to herein as the "Tomon Property") such that approximately 4,096 square feet of the Tomon Property is added to the Applicant's Property. The proposed subdivision is hereby referred to as the "**Project**".

C. The Whitemarsh Township Planning Commission reviewed the Plan at its July 14, 2020 meeting and recommended approval of the Plan and of the waivers requested, except waiver #9, which the Planning Commission deferred to the Board of Supervisors.

NOW, THEREFORE, the Plan is hereby granted **Conditional Preliminary/Final Minor Subdivision Approval** subject to the satisfaction of the following conditions by the Applicant:

1. Compliance with all comments in the Letter of Review of S/LD #01-20, dated June 29, 2020, prepared by Gilmore & Associates, Inc., attached hereto as **Exhibit "A"** and incorporated herein by reference;

2. Compliance with all comments in the Zoning Ordinance Compliance Review of S/LD #01-20 dated June 30, 2020, prepared by Charles L. Guttenplan, AICP, Whitemarsh Township Director of Planning and Zoning/Zoning Officer, attached hereto as **Exhibit "B"** and incorporated herein by reference;

3. Unless waived by the Board of Supervisors, dedication of land in accordance with Section 105-53(D) of the Subdivision and Land Development Ordinance;

4. Further, the Board of Supervisors takes the following action as to the Applicant's request for waivers from the requirements of Chapter 105 of the Whitemarsh Township Code – "Subdivision and Land Development":

a. **Section 105-23(A)(1)**: to allow the plans to be drawn at a scale of 1" = 20' where a scale of 1" = 50' or 1" = 100' is required;

- Granted Denied

b. **Section 105-23(B)(i)(I)**: a waiver from the requirement to provide existing principal buildings (and their respective uses) and driveways on the adjacent peripheral strip; sewer line, storm drains, culverts, bridges, utility easements, quarries, railroads and other significant manmade features within 500 feet of the site, including properties across streets, because no development is proposed;

- Granted Denied

c. **Section 105-30**: to allow the street right-of-way widths, cartways, and absence of sidewalks to remain as improved with the original subdivision which created this neighborhood, because no development is proposed;

Granted Denied

d. **Section 105-30.1(C)(1):** from the requirement to provide street trees, because no development is proposed;

Granted Denied

e. **Section 105-44:** from the requirement that the depth of single-family detached residential lots not be less than one-times their width, because the plan makes Lot #1 more complying with this requirement;

Granted Denied

f. **Section 105-47(A):** from the requirement that sidewalks be provided;

Granted Denied

g. **Section 105-48:** from the requirement that the Applicant install street trees, because no development is proposed;

Granted Denied

h. **Section 105-52:** from the requirement of providing a "Type A" buffer between single-family detached residences and minor collector streets, because no development is proposed;

Granted Denied

i. **Section 105-53(D):** from the requirement that the Applicant dedicate land in the amount of 10% of the total site area for park and recreational uses or pay a fee-in-lieu of dedication because no development is proposed;

Granted Denied

j. **Section 105-73:** from the requirement to construct sidewalks, because no development is proposed;

Granted Denied

The Conditional Preliminary/Final Minor Subdivision Approval granted herein shall be rescinded automatically upon the Applicant's (and the Tomon's) failure to accept, in writing, all conditions herein imposed within seven (7) days of receipt of this Resolution, as evidenced by the Applicant's signature below.

ADOPTED, as a Resolution by the Whitmarsh Township Board of Supervisors this 13th day of August, 2020.

**RE: SLD#01-20 / 4013 Crescent Avenue, Lafayette Hill, PA
Proposed Minor Subdivision / Lot Line Adjustment
Zoning Ordinance Compliance Review Letter**

Dear Mr. and Mrs. McBurney:

Please accept this as a review of the Zoning Ordinance Compliance issues for your above referenced Subdivision / Land Development Application, based on a single-sheet plan prepared by Woodrow & Associates, Inc., dated February 19, 2020, with no noted revisions.

1. §116-11. The plans must be revised to show the Ultimate Rights-of-way of Kottler Drive, Crescent Avenue, and Woodruff Road, in accordance with the following:

Street Name	Classification	Ultimate R.O.W
Crescent Avenue	Minor collector	60 feet
Kottler Drive	Local Street	56 feet
Woodruff Road	Local Street	56 feet

All building setback lines and dimensions must be measured from the Ultimate Rights-of-Way; the building setback lines on Woodruff Road and Kottler Drive need to be adjusted. (Note that on Crescent Avenue, the legal and ultimate rights-of-way are coterminous.) The Zoning and Site Data Schedule must also be revised accordingly.

2. §116-53. The Zoning and Site Data Schedule must be revised to add a label for Lot 02 in the header column; both columns are labeled as Lot 01.
3. §116-53. The Site Impervious coverage table indicates that Lot 01 has a detached garage, which does not appear to be consistent with the plan view, and must be revised. In addition, what is calculated as impervious coverage appears to only be building coverage, with no other paved or gravel areas included; all of these surfaces are considered impervious. (See related Comment #5.)
4. §116-53.D., E. Corner lots, such as both lots involved in this plan, have a front yard along each street and one rear yard, and one side yard. Once the rear and side yards are established, they should be designated consistently in the future. On a prior plan for Lot 01, at the time that the deck was proposed, it appears that the yard on the north side of the house (deck side), was considered a side yard and on the current plan, it is designated as the rear yard. This plan should be labeled likewise.

"A GREAT PLACE TO LIVE AND WORK"

5. §116-169.A. The plans must be revised to compute steep slope ratios (as defined in this section) for each proposed lot to determine if a Maximum Impervious Ground Cover applies to either or both, based on the provisions of this section of the ordinance. For Zoning District A-Residential, the following applies:

Steep Slope Ratio	Max. Impervious Ground Cover (per lot)
15% to 50%	0.18
50% to 75%	0.17
75% or more	0.16

Should you have any questions, please do not hesitate to contact me.

Very truly yours,

Dear Mr. Mellor:

As requested, we have reviewed plans for the above referenced Subdivision, prepared by Woodrow & Associates, Inc., dated February 19, 2020, with no noted revisions. The following comments are offered for your consideration:

SUBDIVISION AND LAND DEVELOPMENT ORDINANCE

<u>Section</u>	<u>Description</u>
1. 105-23(A)(1)	A waiver must be requested to allow the plans to be drawn at a scale of one-inch equals 20 feet, where a scale of one-inch equals 50 feet or one-inch equals 100 feet is required.
2. 105-23(A)(1) (d)[4]	The Site Impervious coverage table indicates that Lot 01 has a detached garage, which does not appear to be consistent with the plan view, and must be revised.
3. 105-23(A)(1) (d)[5]	The plan must be revised to indicate the Steep slope ratio with supporting calculations.
4. 105-23(B)(1)(l)	This section of the ordinance requires the plans to show existing principal buildings (and their respective uses), and driveways on the adjacent peripheral strip: sewers lines, storm drains, culverts, bridges, utility easements, quarries, railroads, and other significant man-made features within 500 feet of and within the site, including properties across streets.

<u>Section</u>	<u>Description</u>
12. 105-53	This section of the ordinance requires the dedication of land in the amount of 10% of the total Site Area for Park and/or Recreational use. The applicant has the option of offering a fee in lieu of dedicating actual land area and can also provide a combination of a fee in lieu and dedication of land. All offers of land and/or fees in lieu of dedication must meet the requirements of this section of the ordinance.
13. 105-73	This section of the ordinance requires sidewalks to be constructed as required by Section 105-30.

Any future submission of the design plans for this project must be accompanied by a letter, prepared by the applicant's engineer, which addresses each of the comments contained in this report. Should you have any questions regarding this matter, please do not hesitate to contact me at this office.

Re: MCPC #20-0099-001
Plan Name: 4013 Crescent Avenue
(2 lots comprising 0.937 acres)
Situates: Woodruff Road & Kotler Drive
Whitemarsh Township

Dear Mr. Guttenplan:

We have reviewed the above-referenced subdivision plan in accordance with Section 502 of Act 247, "The Pennsylvania Municipalities Planning Code," as you requested on May 19, 2020. We forward this letter as a report of our review.

BACKGROUND

The applicants, Kevin and Donna McBurney, have submitted a minor subdivision plan seeking preliminary approval for a lot line adjustment between Tax Parcel #65-00-02740-00-3, a 0.346-acre parcel located at 4013 Crescent Avenue and Tax Parcel #65-00-02737-00-6, a 0.5906-acre parcel located at 4009 Crescent Avenue. The plan shows that the existing property line will be extinguished and new lot line drawn that will result in an increase in the applicant's parcel by approximately 6,096 square feet. The applicants' parcel, which is shown as Lot #2, will receive the lot area shown in the plan as Parcel 'A', in a conveyance from Lot #1, which are the lands of Michael J. and Melissa Tomon, 4009 Crescent Avenue. The plan does not show any additional activity other than the lot line change described above. Both properties in this plan are located in the township's 'A'- Residential Zoning District.

The applicant is seeking two waivers from the township's Subdivision and Land Development Ordinance with this submission. Waivers are requested from the following requirements. A waiver for relief from the requirement to provide sidewalks along the roadway frontage of the property is requested (§105-30.1.D (1) & (2) & §105-47) and a waiver is requested from the requirement to provide street trees along the parcel's frontage (§105-30.1.C(1) and §105-48).

CONSISTENCY WITH THE COUNTY & TOWNSHIP COMPREHENSIVE PLANS

The lot line change plan does not present any consistency implications with regards to either the *Montco 2040: A Shared Vision*, the Montgomery County Comprehensive Plan or the DRAFT- Whitemarsh Township Selective Comprehensive Plan Update, 2020.

RECOMMENDATION & COMMENT

In our review of this proposal we have not identified any significant land use, transportation, design, or similar issues that we believe should be addressed in the township's review of this plan. Therefore, we have no substantive comments. Nevertheless, the municipal staff should ensure that the plan meets all appropriate municipal land use regulations and other codes prior to granting plan approval.

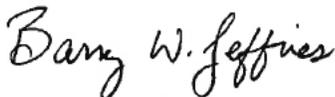

CONCLUSION

The Montgomery County Planning Commission generally supports the proposal as shown in the applicant's plan. Please note that the review comments and recommendations contained in this report are advisory to the municipality and final disposition for the approval of any proposal will be made by the municipality.

Please note that any recommendations contained in this report are advisory to the municipality and final disposition for the approval of any proposal will be made by the municipality. Please be aware that the MCPC #20-0099-001 has been set aside for the applicant's plan. If any subsequent plans are submitted for final recording, this MCPC number should appear on the applicant sheets within the plans in the box reserved for the seal of this agency.

Should the governing body approve a final plat of this proposal, the applicant must present the plan to our office for seal and signature prior to recording with the Recorder of Deeds office. A paper copy bearing the municipal seal and signature of approval must be supplied for our files.

Sincerely,

Barry W Jeffries, ASLA, Senior Design Planner

Hello Deb,

I hope you are doing well! I have some bittersweet personal news to share and wanted to inquire about the proper process. I recently bought a house in West Norriton Township, PA and am very much excited about this new chapter in my life. With that being said, I will be moving out of Whitemarsh Township and the protocol for still being on the EAB will no longer apply. My settlement date is August 3rd and I would like to serve on the EAB until then. Throughout the house process, I wanted to wait until after all of the inspections went through properly to ensure that I indeed would be going through with the sale.

I would like to send a larger email to the group sometime this week to update the entire board of this information and my departure but wanted to see if that would be the best process. I would love to hear your thoughts.

Thanks,

Kate
